

# Track Card Present

**Every tap ties straight to the reservation.**

*No terminal to manage, no batch report to chase, no chargeback surprises.*

## Zero Manual Reconciliation

Every transaction is created inside the reservation record from the start, ready for trust accounting and owner statements.

## 3 Hours Saved

*Per Chargeback Dispute*

## 5 Days Faster

*Access to Your Cash*

If a guest disputes a charge, TrackPayments' Embedded Dispute Center attaches the booking evidence for you automatically.

## 75% Lower

*Chargeback Rate Than Industry Average*

Protect your bottom line with TrackPayments' transparent cost-plus model, 0.21% chargeback rate, STR-specific underwriting, and SEON Risk Intelligence.
